### YOU GOTTA HAVE FAITH

Do you have faith? What does it look like to you? Do you have faith in yourself? In another person? In God? Without faith, we have no hope. Without faith, life may seem meaningless.

#### **Tips for living a life of faith:**

- Start with prayer. Ask God to help you increase your faith.
- Read the Bible. Get to know who God is.
- Find others who have the kind of faith you are looking for and ask them to help you in yours.
- Find a church and go every week. Make it a propriety.
- Feed the hungry. Visit the lonely. Reach out to others.

There are many ways to incorporate faith into your life. Find someone whom you think exemplifies a person of faith and do what they do. History is full of people who were great examples. Do some research.

Create a new habit. 2020 is looking brighter every day. God bless.
